SKILLS

Languages:	Python, Java, C++, C
Tools/Platforms:	Excel, Power BI, Jupyter Notebook, MySQL
Soft Skills:	Leadership, Problem-Solving, Adaptability, Critical Thinking, Quick Learner

PROJECTS

Anime Recommendation System link	Aug' 25
- Designed a personalized entertainment engine aimed at tailoring viewing suggestions through behavioral analysis and automated inference. - Utilized clustering workflows, regression algorithms, preference mining, genre analytics, and Power BI visual structures to interpret audience tendencies. - Produced a recommendation framework delivering 87% precision, supported by interactive dashboards revealing consumption patterns and model performance. Tech Stack: Python, scikit-learn, pandas, NumPy, K-Means, Cosine Similarity, Power BI	
AI-Based Student Dropout Prediction and Dropout System link	Sept' 25
- Intended to anticipate learner withdrawal risk by modeling academic signals, engagement indicators, and institutional activity traces. - Implemented supervised-learning schemes, alert-driven monitoring panels, early-warning triggers, and consolidated educational records for seamless processing. - Achieved 92% classification reliability, enabling proactive faculty intervention and markedly improving continuation prospects. Tech Stack: Python, pandas, NumPy, scikit-learn, Classification Models, Power BI	

TRAINING

LPU Skill Development link	Jun' 25 – Jul' 25
From Data To Insights - Sought comprehensive understanding of analytical lifecycles—from data acquisition to insight-driven reasoning—to strengthen problem-solving capability. - Gained command over SQL operations, Excel handling, Power BI storytelling, and Python utilities (NumPy, Pandas, Matplotlib, Scikit-Learn), along with regression, clustering, and classification methodologies. - Executed practical exercises validating machine-learning outputs, consistently generating dependable predictive results across varied industry-oriented datasets.	

CERTIFICATES AND CERTIFICATIONS

Privacy and Security in Social Media NPTEL link	Oct' 25
Introduction to Python Infosys link	Feb' 24
AI essentials for Beginners Udemy link	Aug' 25

EXTRACURRICULAR ACTIVITIES

IndustrySolve Idea-Thon Participated IIIT Delhi	Sept' 25
Zero Day Apocalypse Ranked 7 NSUT Delhi	Sept' 25
Vertos Got Talent 2.0 2 nd Position LPU	Sept' 24

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 8.04	Phagwara, Punjab Aug' 23 – Present
Vidya Bharti Public School Intermediate PCM; Percentage: 88%	Sikar, Rajasthan Mar' 21 – May' 22
Sophia Senior Secondary School Matriculation Percentage: 88%	Bikaner, Rajasthan Mar' 19 – May' 20
